100% MADE IN ITALY

When ITALY joins forces with ITALY,
the world lights up.

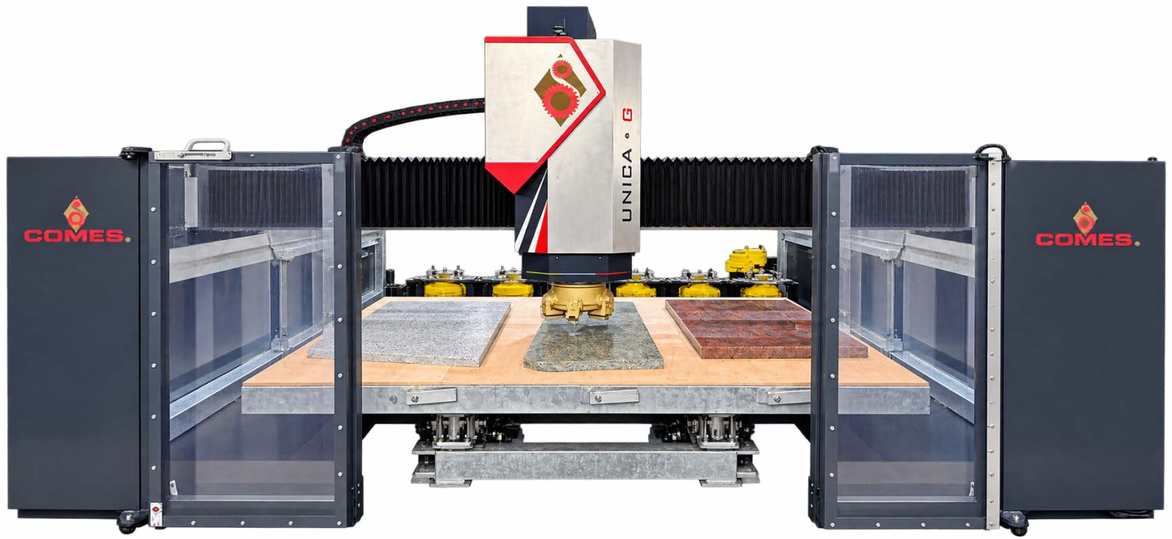

ITALIAN ALLIANCE FOR THE WORD

UNICA G

UNICA G is a single - head CNC polisher equipped with a quick and automatic changing of polishing heads.

Suitable for processing granite, marble and natural stone, particulary for:

- SLAB CALIBRATION
- AUTOMATIC POLISHING OF MARBLE AND GRANITE SLABS

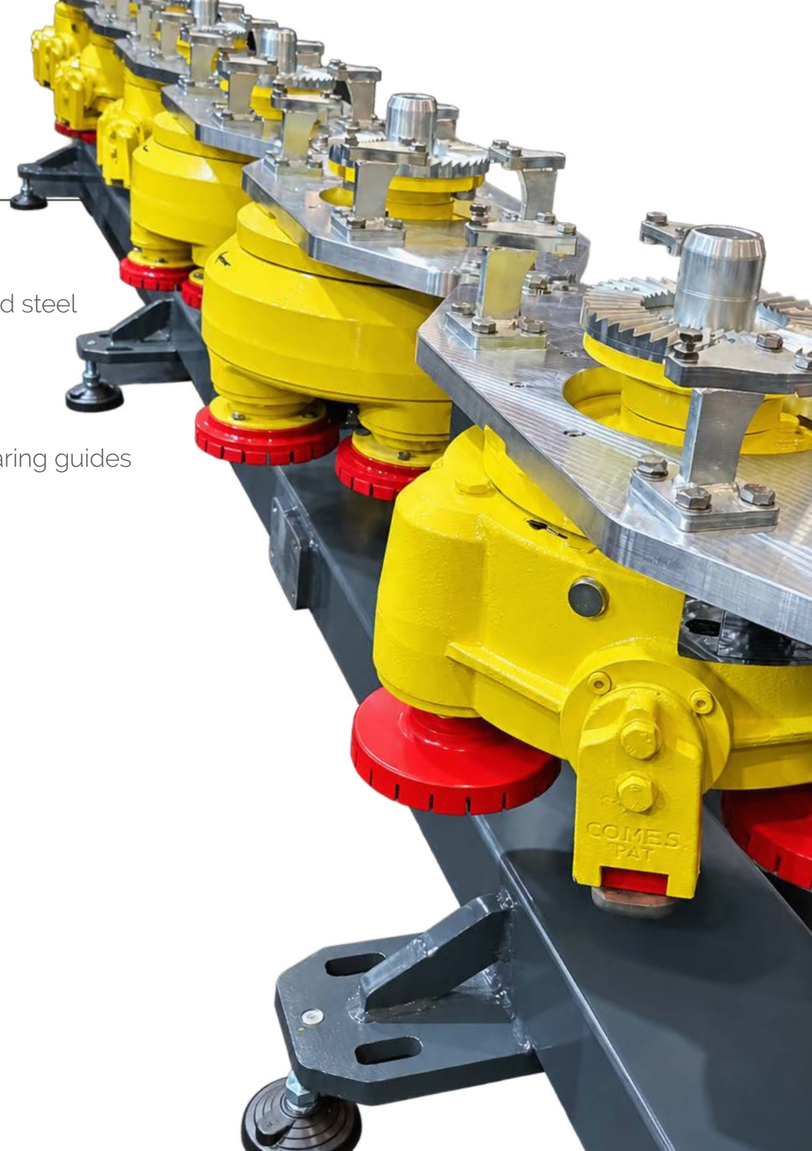

processing

UNICA G

3 interpolated axis
Z axis stroke 400mm
Robust structure in hot-dip galvanised steel
Stainless steel components
Centralised automatic lubrification
Brushless motors with absolute zero
High - precision recirculating ball bearing guides

our standards

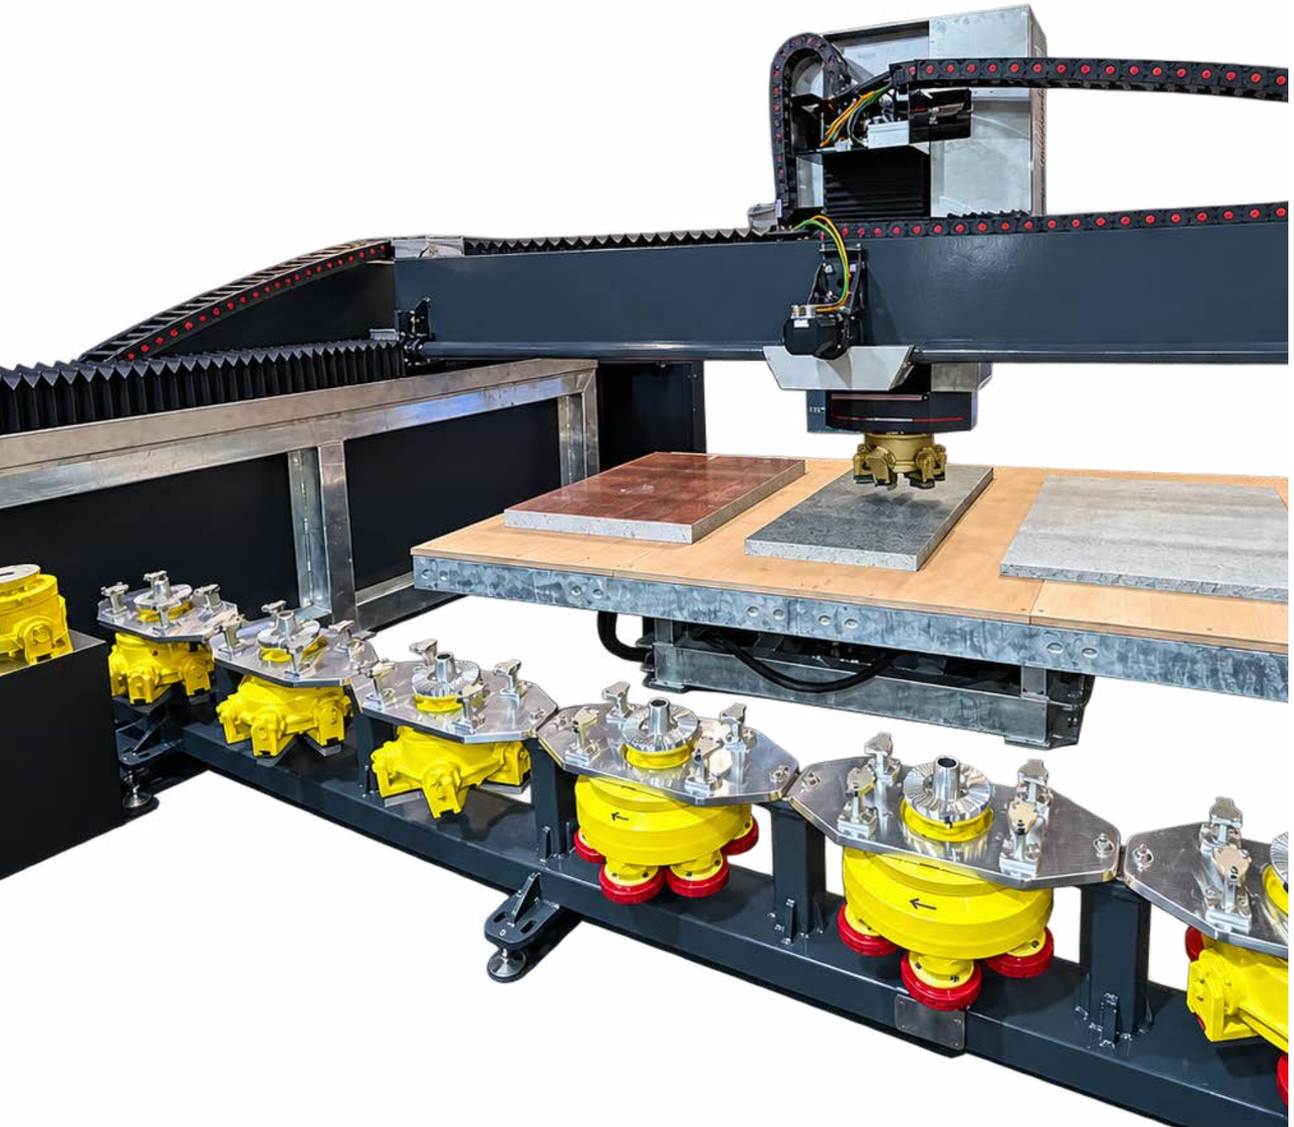

The Machine is equipped with
an 8 - polishing heads storage, which is automatically retrieved from the storage using an innovative, simple and effective CNC - controlled system.

CONSOLE

The 3-axis interpolated numerical control is based on PC technology fully integrated into a single control panel through which the operator receives and issues commands to the machine.

UNICA G is also equipped with specific software specially developed for machine's functions.

HTS - 6/V12

The feather in the crown of CO.ME.S.'s polishing head

MIX

This head is exclusively manufactured by CO.ME.S.

STORM - 3

A geared polishing head with 3 orbital arms

STORM - 5

A geared polishing head with 5 orbital arms

STORM - 7

A geared polishing head with 7 orbital arms

DAMP - 5/6

Satellite head with 5 or 6 satellite tools

RG - 6

RG-6 is a paddle polishing head with a swinging motion

HTS - 8/V12

A geared polishing head with 8 orbital arms

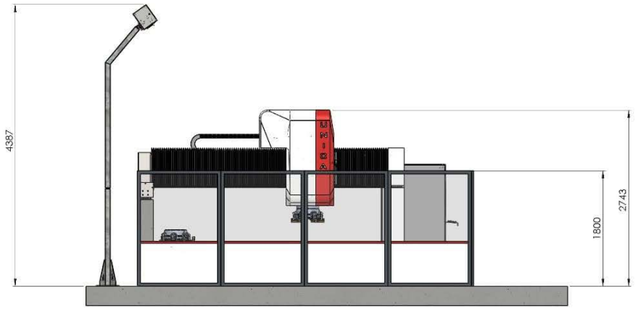

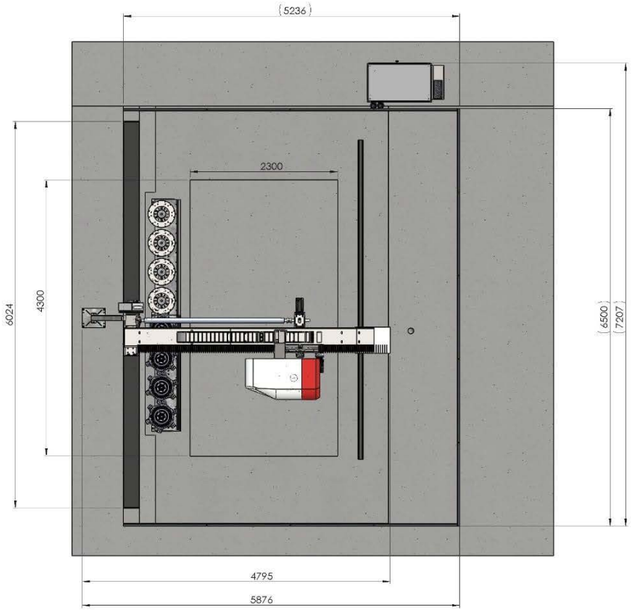

technical data

X - AXIS STROKE	4300MM
Y - AXIS STROKE	2300MM
Z - AXIS STROKE	400MM
SPINDLE POWER FOR POLISHING / CALIBRATION	20HP IN S6
STANDARD WORKBACH SIZE	3500MM X 2200MM
TOTAL WIDTH	*5200MM
TOTAL LENGHT	*7200MM
TOTAL HEIGHT	*2700MM
WEIGHT	4800KG aprox.

THE DATA CAN CHANGE UPON CUSTOMER REQUEST

* Preliminary data: actual data will be provided upon final layout excluding overall dimensions
